

Terms and Conditions for Outside Process Suppliers

Our organization reserves the right to review and approve the Vendors Quality Management system and audit or survey their compliance on an annual basis.

Suppliers initially approved for JFF use via Certification (ISO, AS9100, Etc.) must notify us of any changes to that certification.

Vendor acknowledges and agrees that any specifications and all related writings, drawings, designs and similar work provided to the vendor shall be deemed "Confidential Information".

The Vendor is required to:

- Notify our organization of nonconforming product immediately upon discovery.
- Obtain our organization approval for nonconforming product disposition.
- Notify our organization on nonconforming product.
- Return all material issued (including non-conforming parts) for complete accountability of product.
- Ensure all employees are aware of their impact to product safety.
- Ensure compliance to JFF's Code of Ethics Policy (MNG 664)
- Ensure compliance to JFF's Code of Conduct Policy (MNG 653)
- Have a program for the prevention of counterfeit parts.

Supplier shall maintain on file all quality data/records such as; certificates of material and / or processes (if applicable), acceptance test reports, inspection records, and other applicable quality control data.

Our organization reserves the right of access by our representatives, our customers, and any regulatory authorities to the applicable areas of all facilities, at any level of the supply chain, involved in the order and to all applicable records.

All parts must be suitably protected from damage during the machining process and shipment. JFF will supply suitable containers and/or packaging materials as required.

All packages must be clearly marked with Part Number and Purchase order number.

If Certification is requested with an order it must be legible.

By receipt of this Purchase Order you as a supplier acknowledge JFF's code of conduct terms.

Terms and Conditions for Machining Suppliers

All Purchase Orders issued for machining services by JF Fredericks Aero, LLC (herein referred to as JFF) require First Piece Approval by JFF prior to the vendor proceeding with full production. A completed inspection report documenting all characteristics is required with First Piece submittal.

- Any JFF requested adjustments must be verified prior to production.
- If the Vendor chooses to proceed with production prior to First Piece Approval, this is done at the Vendor's risk. JFF will not be liable for costs incurred in this circumstance.
- JFF reserves the right of final approval of product, procedures, processes, and equipment.

Our organization reserves the right to review and approve the Vendors Quality Management system and audit or survey their compliance on an annual basis.

Suppliers initially approved for JFF use via Certification (ISO, AS9100, Etc.) must notify us of any changes to that certification.

Vendor acknowledges and agrees that any specifications and all related writings, drawings, designs and similar work provided to the vendor shall be deemed "Confidential Information".

JFF reserves the right to approve or specify any designs, test, inspection plans, verifications, use of statistical techniques for product acceptance, and any applicable critical items, including key characteristics.

The Vendor is required to:
